NEWSLETTER

Office email address: smd@dbb.catholic.edu.au

Website: www.smddb.catholic.edu.au

Dear Families,

Thank you for making the arrangements for each of your children to attend the Mathematics Assessment Interview (MAI) on Thursday or Friday this week. This is a very important piece of information about your child's mathematical progress that we use to see how each child is progressing compared to the expected growth and the level of development measured last year.

There was great excitement yesterday when the Year 5 children received their Senior Leadership badges at the Opening School Mass. Throughout the School Mass, the Year 6 Senior Leaders were modelling how to participate at Mass and deserve our congratulations for being so attentive to their Kindergarten Buddies and for being wonderful role models to all in the school.

Parents are reminded that tonight is an important evening in our school's calendar – the Information Night – when you meet your child's Teacher, receive a number of handouts, meet the other parents in your child's stage of learning and hear how the classes will run this year.

This year there will also be an important twenty minute update on the school directions for learning in 2018. Mr Biefeld and I will outline the opportunities for parents to be more involved in the learning experiences.

Parents are already involved in the life of the school in many ways. I would like to acknowledge the work that the School Advisory Team do, often behind the scenes, to continually support me and the Staff in the implementation of school priorities. The team met last night with Professor Mike Gaffney from ACU in Canberra. We discussed the Catholic Social Teachings involved in decision making and ways that the team can contribute this year. Thank you to this year's School Advisory Team – Rebecca Q, Kim G, Cherie Warren, Ben H, Anthony B, Luigi D'A and Colin P. The parent perspective and advice that they offer me is invaluable.

Welcome

Welcome to Mrs Louise Fergus, who joins St Martin's as our Learning Support Assistant on Wednesdays this year.

Parent resources

<https://www.brokenbayparentcouncil.com/uploads/1/0/5/1/10519293/p4resourcebeyondthefrontdoorprimary.pdf>

<http://www.cbsp.catholic.edu.au/parent-resources>

As the children settle back into the term you might find some of these parent resources useful – especially the “what happens if ... “ discussion areas.

Getting ready for Lent

Next week, Lent begins with Ash Wednesday (14 February). Lent is a season of renewal, of being drawn closer to God by opening the door of our hearts to Christ and one another. The Church asks us to change our lives in concrete ways, through fasting, prayer and acts of loving service. As a family, think about what small actions and sacrifices ('penance') in these areas you might undertake during Lent.

You might enjoy the “busted halo” website and this two minute video clip about Lent.

<http://bustedhalo.com/video/ash-wednesday-in-two-minutes>

Pray at home

‘Lord Jesus, help us as a family to live Lent well. Help us to appreciate afresh our love for you and one another.’

Looking forward to seeing you tonight,

Helen Leigh
Principal

CURRICULUM NEWS

Don't Forget Mathematical Assessment Interviews (MAIs) on Thursday and Friday:

Hopefully, you have booked your child in for this important Mathematics assessment. Some important things to remember:

- The interviews last for about 30 minutes and teachers are running to a strict timetable with very few or no gaps in their schedule.
- Please consider other parents and be on time or a few minutes early for the interview.
- The assessment is diagnostic, which means that as a student makes a mistake or can't answer a question in a particular area (e.g. addition) that part of the assessment is finished at that point and then continues in a new area.
- Just because your child's assessment was stopped at a particular point doesn't mean they don't know other things in that area. These other things will be assessed in class in different ways.

Learning excellence in a caring community

Material in the newsletter is not to be reproduced without the permission of the school principal

- Your child's MAI assessment may be completed well before the 30 minutes has elapsed.
- MAIs are only one of several ways your child's Mathematical understanding will be assessed throughout the year. A more common assessment techniques is through analysing student work samples.
- Our school and every other diocesan school assesses student mathematical understandings with the MAI tool. In fact, our school is one of several hundred schools across Australia that is part of an ongoing numeracy project headed by Dr. Anne Gervasoni. The data that we obtain from our school is sent to the Catholic Schools Office and then shared with the Early Numeracy Research Project.

Teaching and Learning at St Martin's: The Australian Curriculum is implemented in New South Wales through the new NSW syllabuses developed by the Board of Studies (now called NSW Education Standards Authority). The content of each syllabus document is organised in stages from Early Stage 1 (Kindergarten) to Stage 3 (Years 5 & 6) in the primary school. All schools are mandated to teach from these documents.

In each subject, students work towards achieving stage outcomes. For example, students in Years 3 & 4 are both working on the same outcomes in Mathematics. This doesn't mean that they will be doing the same activities and learning tasks for two years at St Martin's, because our teachers ensure that students are working at their own levels along carefully identified pathways.

Since the content is arranged in stages, schools are able to have students working in distinct year levels or as more schools are doing have the students working cooperatively across the stage in certain subjects.

At St Martin's, we use both methods in various subjects throughout the school. On some occasions your child may be working exclusively with students from their grade level and at other times they may be working alongside students from a higher or lower grade level because they are in the same stage. This does not mean we are streaming students according to ability, but rather allowing students with similar interests or learning pathways to work on tasks or projects together.

This flexible approach of cooperative learning is encouraged by the Diocese of Broken Bay Learning Principles statement and well supported by the latest research. It gives students more of a voice in their learning and encourages greater collaboration and student thinking. If you have further questions you may consider following this link to the BOS parent guide to NSW syllabuses or can contact me here at school:

<http://syllabus.bostes.nsw.edu.au/assets/global/files/parents-guide-nsw-k-10-syllabuses.pdf>

Thursday Assembly: We will again be conducting fortnightly 'formal' assemblies this year starting on Thursday 22nd February. At these assemblies various awards are given to children for their classroom efforts, general behaviour and attitude at school. Family and friends are most welcome to attend. Assemblies (usually) begin at 2.40pm and are conducted each fortnight.

Christopher Biefeld
Assistant Principal

MISSION NEWS

Shrove Tuesday 13th February 2018

Every year we ask the Class Parents to organise and provide the pancakes for the classes on Shrove "Pancake" Tuesday. Shrove Tuesday marks the end of the Ordinary Season (for now) in the Church's calendar and is the last day before Lent. As Lent is a time of abstinence, of giving things up, Shrove Tuesday is the last chance to indulge yourself, and to use up the foods that traditionally weren't allowed during Lent. Pancakes are eaten on this day because they contain fat, butter and eggs which were forbidden during Lent. The name Shrove comes from

the old word "shrive" which means to confess. On Shrove Tuesday, in the Middle Ages, people used to confess their sins so that they were forgiven before the season of Lent began. Each child is asked to make a gold coin donation to Project Compassion on Shrove Tuesday. Class parents please liaise with teachers regarding the time and venue. We would also like to suggest that simple pancake toppings (lemon, butter, sugar, maple syrup) are preferable to extravagant and behaviour modifying toppings such as lollies and ice-cream and ask that these toppings are not made available.

Ash Wednesday 14th February 2018

We will mark the beginning of the season of Lent with our Ash Wednesday Mass to be held in the church at 9:15am. All families and friends are warmly invited to attend.

Ash Wednesday marks the beginning of the Season of penance, reflection, and fasting which prepares us for Christ's Resurrection on Easter Sunday. The ashes we receive are made from the blessed palms used in the Palm Sunday celebration of the previous year. While the ashes symbolise penance, they are also a reminder that God is gracious and merciful to those who call on Him with repentant hearts.

Mrs Kate Adamo
Religious Education Coordinator

LIBRARY NEWS

Library Borrowing

Students borrow every week during their library lesson. Lessons are scheduled as follows:

Tuesday: Year K/1- Year 6 (45 minutes each)

Students are to return their books every week. However, if they would like to borrow for a longer period they can renew their book/s.

Library Bags

In order to borrow students require a library bag. Please ensure your children bring along their library bag to the library when borrowing every week. This helps preserve our lovely books.

Lost/Overdue books

If a book has been **lost** at home or at school please notify me as soon as possible. I can then search for the book in the classroom or the library. If a book is **overdue**, a reminder note will be sent home. Please have a good look at home and return the book/s as soon as you can. If you are unable to find the book, please sign the reminder slip and return it to the library. Thank you for your cooperation.

Parent Helpers

I am looking for parents to cover our new library books. We have many beautiful books waiting to be covered! If you have some free time and would be happy to cover some books at home or in our school library (on a Monday morning/afternoon) please complete the tear off slip below and return it to the office.

Library Helpers – Book Covering

I would like to help cover books at home.

COMMUNITY NEWS

We are very excited to announce our new **Curl Curl North Public School** host venue for our Saturday afternoon Brainwaves Club. This is a parent enrolled program so if you are aware of students who would be suitable for further enrichment in out-of-school hours, please can you pass this information on to them for us?

The **G.A.T.E.WAYS Brainwaves Club** program is based on the philosophy that highly able and gifted children have particular needs for stimulation and challenge that match their high level of curiosity and desire to learn. In addition, children with specialised skills and talents in advance of their age peers need both affirmation of these abilities and opportunities for talent development. We also have Brainwaves Club venues at Ryde and Bondi.

WE OFFER A VARIETY OF CLUBS TO SUIT STUDENTS' STRENGTHS

Please see below for details of the clubs on offer. Please click on the links for program outlines.

2018 North Curl Curl Brainwaves Club

Venue Details	Curl Curl North Public School, Playfair Rd, Sydney
Club Meeting Dates	17 Feb, 3 March, 17 March, 7 April, 5 May, 19 May, 2 June, 16 June
Club Meeting Times	1:30 – 4:30pm
Semester Membership Fee	\$536.00 (includes GST)
Discount for siblings	The first family member pays the full fee. Subsequent siblings are eligible for a 5% discount.

2018 Semester 1 Clubs

Club	Year Levels	Club Focus
DinoMites	1	Cross curricular
Apprentices	2 and 3	Books/writing/literature
SciSpies	2 and 3	Science/maths
Einsteins	4, 5 and 6	Science/maths
Legal Eagles	5 and 6	Law/debate/legal system

Go to the GATEWAYS website and select the Brainwaves Club page!
