At St Martin's Catholic Primary School, Internet and Network Services are used to enhance teaching and learning through the use of technology devices and the school network for communicating, publishing, research and for learning skills.

As a technology user at St Martin's Catholic Primary School I will follow these rules:

1. I will use the computers, iPads and chrome books only for the task I am meant to be doing and I will only access information that is useful to me in my studies.
2. I will take care of the school's hardware and software.
3. I will only use the software and Apps approved by the teacher.
4. I will not inconvenience other people; for example by:
 - printing more copies than I need
 - downloading large files
5. I will keep my password to myself, and not use the passwords of others.
6. I will store my own work in my google drive.
7. I will not look for anything that is illegal, dangerous or offensive on the Internet.
8. If I accidentally come across something I am unhappy with I will immediately click on the home or back button and inform the teacher.
9. I will only send messages that are polite and sensible. I will not use technology to annoy or offend anyone else.
10. I will not intentionally spread viruses by e-mail or post unnecessary e-mail.
11. I will not give out personal information such as my surname, address and phone number or that of my parents or others unless I have permission from my parents/guardians.
12. I will not publish a picture or e-mail a picture of myself without first checking with the teacher.
13. If I receive any messages that I do not like I will immediately tell a teacher.
14. I will only send e-mails with the teacher's permission.
15. I know that the school may check my iPad, google drive and may monitor the Internet sites I visit.
16. I know that the school will take all reasonable precautions to ensure that I cannot access inappropriate materials but it cannot be held responsible for the material I access through the Internet.
17. I know that the school will not be responsible for any loss of data or for the accuracy of the information I obtain through the school's devices.
18. I will not copy other people's work and call it my own, including pictures and information I find on the Internet and Network.

If I break any of these rules, then I may be unable to use the technological devices at school and I will need to re-negotiate how and when I use the technology with the Principal.
